

GIANT SCREEN

The “Giant” of Rear Projection Screens

When your needs are for large format screens, the Giant is the ideal choice. Its single-element design combining a Fresnel lens on one side with a lenticulated lens on the other, provides a bright image over a generous viewing cone. A special diffusion material imbedded in the screen helps to control vertical light distribution.

- On axis gain of 3.0.
- Diagonal sizes up to 200".
- Non-glare surface.
- Excellent vertical light distribution.
- Dark tint for better contrast.
- Framing system included.

VIDEO FORMAT

Viewing Area H x W		Nominal Diagonal		
in.	cm.	in.	cm.	
84" x 112"	213 x 284	140"	356	x
90" x 120"	229 x 305	150"	381	x
96" x 128"	244 x 325	160"	406	x
108" x 144"	274 x 366	180"	457	x
119" x 179"	302 x 455	200"	508	x
