Total light and privacy control are yours with Luminette Privacy Sheers. The soft vertical vanes block an amazing 99% of UV rays when closed, then open easily and stack discretely.

Luminette® Privacy Sheers offer an inspired, elegant alternative to traditional draperies. It may come as some surprise, however, just how practical these sophisticated sheers are, as well. It starts with the innovative design. Soft fabric vanes attached to sheer facings rotate between the open and closed positions to achieve any level of illumination desired. Open, this beautiful window fashion stacks cleanly in minimal space, assuring your favorite views remain unobstructed. Closed, the vanes assure privacy and the ultimate in light control. You decide between the safety-minded wand/cord combination, or automated PowerGlide®, with its sleek, single-touch remote. Then there's the choice of seven exceptional face fabrics...one to enhance every room.

While every fabric in the Luminette® grouping is noteworthy, first mention goes to a fresh new set of textures.

Sheer Linen offers the subtlety of a smartly tailored weave. Summer Breeze, with its barely there checks, delivers a breath of fresh air to decorating challenges. And contemporary, fluid Abstractions dances in the light.

These newcomers join four classics: Angelica, Linéa, Stria and Filigree. All are available in an array of preferred whites and neutrals. When room darkening is a priority, Evening Star® shines. The face fabrics for all seven sheers are offered in Accents by the Yard™, for those rooms where every fabric must match perfectly. Inspired? Absolutely!

Luminette® Evening Star® lets you say when morning arrives. Room-darkening vanes block the light and assure privacy, then open easily to welcome the day.

## A closer look at Luminette®

Lifetime warranty	Yes

*Personality meets practicality in Luminette Privacy Sheers. Created of 100% polyester fabric, they offer exceptional durability and easy maintenance—just a light feather dusting or gentle vacuuming. Reliable operation is assured with our exclusive SofTrak™ traversing system, while fine details—such as the fray-resistant bottom fabric finish—speak volumes about our commitment to perfection.*

The Luminette line offers a myriad of choices, including seven sheer face fabrics in appealing textures and colors.

At Hunter Douglas, we stand behind our products. Each comes with a lifetime limited warranty, and is designed with safety in mind.
